BOARD OF TRUSTEES
MAHONING & TRUMBULL COUNTY
BUILDING TRADES INSURANCE FUND

October 28, 2013

This group health plan believes this plan is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Plan Administrator, 33 Fitch Blvd., Austintown, Ohio 44515. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Choose someone to act for you

- If you have given someone medical power of attorney or if someone is your legal guardian, that person can exercise your rights and make choices about your health information.
- We will make sure the person has this authority and can act for you before we take any action.
- You may exercise your right through a personal representative. Your personal representative will be required to produce evidence of authority to act on your behalf before being given access to your PHI. Proof of such authority will be a completed, signed and approved Appointment of Personal Representative form. You may obtain this form by calling the Fund office.
- The Fund will recognize certain individuals as personal representatives without you having to complete an Appointment of Personal Representative form. For example, the Fund will automatically consider spouse's covered under the Fund as the Personal Representative for each other. Additionally, the Fund will consider a covered parent, guardian, or other person acting in loco parentis as the Personal Representative of any dependent covered by the Fund unless applicable law requires otherwise. A parent may act on an individual's behalf, including requesting access to their PHI. Covered Dependents, including your spouse may, however, request that the Fund restrict information that goes to family members. You or your spouse may elect not to have one another as your Personal Representative. You or your spouse must fill out an Opt-out of Personal Representation Form and submit the form to the Privacy Official. Your covered dependent children also have the right to submit an Opt-out Form if they do not wish to have one or both of their parents as their deemed Personal Representative. All requests are reviewed by the Privacy Official who may deny the requests, especially those based upon State law restrictions.

File a complaint if you feel your rights are violated

- You can complain if you feel we have violated your rights by contacting us using the information on page 1.
- You can file a complaint with the U.S. Department of Health and Human Services Office for Civil Rights by sending a letter to 200 Independence Avenue, S.W., Washington, D.C. 20201, calling 1-877-696-6775, or visiting www.hhs.gov/ocr/privacy/hipaa/complaints/.
- We will not retaliate against you for filing a complaint.

Your Choices

For certain health information, you can tell us your choices about what we share. If you have a clear preference for how we share your information in the situations described below, talk to us. Tell us what you want us to do, and we will follow your instructions.

In these cases, you have both the right and choice to tell us to:

- Share information with your family, close friends, or others involved in payment for your care

If you are not able to tell us your preference, for example if you are unconscious, we may go ahead and share your information if we believe it is in your best interest. We may also share your information when needed to lessen a serious and imminent threat to health or safety.
